EDUCATION

Bachelor of Science: Computer Science and Engineering Brac University, Dhaka

01/2020 - 06/2024

CGPA: 3.55

PROJECTS

Portfolio Website (10/2024)

- Created a modern, minimalistic portfolio website using Next.js and TypeScript, styled with Tailwind CSS and enhanced with Framer Motion animations to showcase my work and skills.
- Technologies:** Next.js, TypeScript, Tailwind CSS, Framer Motion
- Live:** [Portfolio](#) | **GitHub:** [Repo](#)

Floortech Construction Landing Page (09/2024)

- Developed an interactive, user-friendly landing page for Floortech Constructions using HTML, CSS, and Vanilla JS to beautifully showcase their portfolio
- Technologies:** HTML, CSS, JavaScript
- GitHub Link: [Repo](#)

Craigslist Web Scraper (03/2022)

- Built a data-scraping website for Craigslist using Django and BeautifulSoup, integrating frontend technologies to create a user-friendly interface for data retrieval
- Technologies:** Django, Python, Bootstrap, BeautifulSoup
- GitHub Link: [Repo](#)

WORK EXPERIENCE

Freelance Developer Self-Employed

06/2024 - Present

- Design, develop, and deploy dynamic full-stack web applications tailored to client needs, leveraging technologies such as React.js, Next.js, Node.js, and Typescript.
- Collaborate with clients to gather requirements, create prototypes, and deliver user-centric solutions focusing on scalability and performance.
- Deliver projects on time, meeting tight deadlines while maintaining code quality and adherence to best practices.

Technical Support Specialist Intern NSU Startups Next

01/2024 - 03/2024

- Enhanced website performance and user experience through the implementation of feature improvements
- Collaborated across departments to align technical requirements with business goals
- Provided documentation to ensure seamless handovers and project consistency
